BIG GROUP (Mastercard)

"Working with Uber Boat by Thames Clippers has been a delight for me as a person and us as a company.

We are always presenting them with challenges, never to be told "no" always "let's take a look" (and they always appear to succeed)."

Denholm Port Services Limited

Love it

Uber Boat by Thames Clippers are the fastest and most frequent fleet on the river, with vessels available for private hire. Each of our catamarans are spacious, stylish and staffed by a friendly and experienced crew.

For our corporate and private clients we offer seven different sizes of vessel with the option of carrying between 12 and 2 0 guests. The route, length and speed of journey, stop off locations, style of catering, use of facilities on board and time of travel are flexible.

This means we can deliver a vast range of events; from business meetings, presentations, networking days, conferences, celebrity parties and product launches to marriage transfers and excursions for family and friends.

We apply our expertise in hospitality and knowledge of the river to create the right mood and feel for your specific function.

Yum

Whether you're travelling in the morning, afternoon or evening, we can provide for your every need and occasion. From wedding transfers to corporate drinks receptions we will customise our offer to suit you and your clients requirements.
